**DO IT ALL with Dual**

**oticon**  
PAEDIATRICS

# Look COOL – be NATURAL

What you'll like about Dual is how cool it looks. What you'll LOVE about Dual is how natural it sounds. The whole world gets processed into 3-D sound, so you can be as spontaneous as you like!

In a study group you'll be able to get totally involved. At the mall you won't miss out on the jokes and small talk with your friends. And in the park you'll be ready to dodge any out-of-control skateboarders that might come your way!

## **HEAR it ALL with DUAL CONNECT**

*Dual Connect instruments actually communicate with each other wirelessly to keep the sound picture real in BOTH ears. No other instrument tells you more about what sounds are and where they're coming from.*

*Then there's the awesome Streamer accessory. This will get you connected to all your favourite gadgets – from mobile phones to mp3 players.*

## **LISTEN in STYLE with DUAL MINI**

*If small and stylish is what it takes to get you wearing hearing instruments, Dual Mini is the answer. Loaded with all the latest sound processing technologies, Dual Mini brings the world to your ears in 3-D clarity.*

## PLUG IN – blend in with Dual Connect

Without friends and entertainment, life would be one giant yawn. But with Dual Connect and the optional Bluetooth-enabled Streamer, you can connect to all the gear you depend on, without having to think twice about it.

This includes:

- Mobile and land-line phones
- mp3 players
- PC/ laptops
- Video games
- TVs

### Be **ONE STEP AHEAD** of YOUR FRIENDS

The Bluetooth-enabled Streamer can turn your Duals into the world's smallest hands-free headset. When your mobile rings, all you have to do is push a button to get the call fed straight to **both** ears. When you're done chatting, just hit the music button to dive into your favourite pop or rock ballads.

Your friends won't be able to beat that!

# Look SMART – feel CONFIDENT with Dual Mini

Think of Dual Mini as Dual Connect's little brother, taking you closer to natural hearing in ways you can see, feel and hear.

## BE TRENDY

Small and techy rather than big and boring, Dual Mini doesn't look anything like ordinary hearing instruments. Maybe that's why image-conscious teenagers want to wear it!

## BE BOLD

Whether you're doing group gaming or one-to-one lattes, you won't miss a

thing with Dual Mini. You won't have to worry about making a wrong move – just jump on in and have fun!

## BE BLOWN AWAY

Thanks to an army of powerful sound processing technologies, Dual Mini will have you hearing more than ever – from the softest voice to the loudest bass!

LEARN what you need to know  
Keep your FRIENDS at your side  
**Be EVERYTHING you can be**  
KEEP your FAMILY close

Whether you choose Dual Connect or Dual Mini, get ready for an out-of-the-ordinary experience.

Get ready to hear more of what you're seeing. To feel more in control. And to show the world who you really are!

Start by talking things through with your parents and your hearing specialist. Then test-drive Dual as soon as possible. You won't regret it!

**You can do it all with Dual!**

Teenagers with hearing loss want to enjoy the same lifestyle and opportunities as their friends. Recognising that it takes more than amplification to achieve this, we give their needs for discretion, communication and entertainment extra attention when developing new hearing solutions.
